

WORLD INVENTION ASSIGNMENT

From: JOE INVENTOR
 (the “Assignor”)

To: JOE’S PATENTS INC.
 (the “Assignee”)

The invention (the “Invention”) includes all inventions, improvements, concepts, know-how, techniques, and methods developed by the Assignor on or before the Effective Date, whether reduced to practice or not, related to the production of {describe the invention}.

1. In consideration of One (\$1.00) Dollar, and other good and valuable consideration duly provided by the Assignee to the Assignor, the Assignor hereby irrevocably transfers and assigns to the Assignee, for the Assignee’s benefit and the benefit of its successors and assigns, all rights, title and interest everywhere in the world, and in all countries in the world, including but not limited to Canada and the United States, in and to the Invention and to all corresponding rights, title and interest in and to any priority claims, and any patent which may issue for any aspect of the Invention.
2. The patents which have been filed and which have issued with respect to the Invention and which are hereby assigned by the Assignor to the Assignee are the {four (4)} patents set out in Schedule A attached hereto.
3. The Assignor hereby assigns and transfers to the Assignee all patent applications with respect to the Invention which may be made subsequent to this Assignment, and the right to make such applications,
4. The Assignor hereby transfers and assigns to the Assignee all improvements on the Invention for which rights may hereafter be acquired by the Assignor, in respect of all countries of the world, together with the right of priority acquired by the above filings and the right to file patent applications thereon and take similar proceedings in all and any countries in the world, with or without additional matter, as a Continuations In Part, Patent of Addition, Reissue or similar procedure, and to receive all such patents and similar rights as may issue on such applications.
5. The Assignor hereby transfers and assigns to the Assignee the right to file an application under the Patent Cooperation Treaty for the Invention, and any subsequent national applications following thereon, and to receive such patents as may result from such procedures.
6. The Assignor hereby further agrees to communicate to the Assignee, its successors or assigns any facts as may be acquired respecting any improvements to the Invention, and sign all lawful papers, testify in any legal proceedings at the expense of the Assignee, execute all divisional,

continuation, reissue and substitute applications, make all lawful oaths, and generally do everything possible to aid the said Assignee, its successors and assigns, to obtain proper patent protection for the Invention in all countries of the world.
